

LEAD GUITARS in STEM Project Participation Agreement

I understand that as part of the institute commitment to support the learning activities in the National Science Foundation Advanced Technological Education (NSF ATE) #1304405 “LEAD GUITARS in STEM Project,” I, _____ (*print name*), am committing to the following.

Implementation Intention

Please initial the following:

_____ I have discussed the “LEAD GUITARS in STEM Project” with my administrator.

_____ I plan to implement the STEM Guitar program, or parts of the institute curriculum, in my program.
(Existing curriculum is available under the “Build” tab at guitarbuilding.org)

_____ I understand that I am required to participate in a pre-institute webinar and follow-up activities [*To include any of the following: attend follow up webinar, develop an activity for use in your classroom, including a quiz; follow up assessments; present to other teachers; formal presentations; STEM expos; newsletter; media coverage; survey; interviews; targeted evaluations; mentor; learning community; and assessment tool usage*].

Implementation Commitment

I understand that in order to receive [*financial compensation, stipends, guitar equipment credit, coupons, vouchers, etc.*], **I agree to implement a minimum of two STEM activities from the LEAD GUITARS workbook and associated online assessments, or assist a teacher at my school, to integrate two activities in their program.**

Implementation Form

Following the institute, I understand that in order to receive [compensation], it is my responsibility to provide and complete the following:

- An implementation form that lists at least two STEM activities from the *LEAD GUITARS workbook*;
- Provide associated online student assessments from those activities;
- Participate in follow-up assessments
- Administrator and instructor signatures acknowledging implementation which generates the final the online instructor/student surveys (required to receive final compensation).
